

PRINCETON HAD ITS FINAL DRILL

In Preparation for the Big Game With Harvard Saturday

STAR TACKLE KECK IS OUT OF CONTEST

Students Are Keyed Up to a High Pitch of Enthusiasm

Princeton, N. J., Nov. 7.—Head Coach Roper sent his Tiger eleven through the final signal drill here to-day in preparation for to-morrow's big battle with Harvard. A last minute blow to Princeton's chances for victory came to light when it was learned that Keck, the star left tackle, would be unable to start the game. Bigler has been shifted to tackle and Davis will go in at left end.

Last night a monster mass meeting addressed by President Hibben and Coach Roper and "Bill" Edwards, captain of the victorious 1900 eleven, brought undergraduate enthusiasm to a high point. Almost the entire student body was present and the team was greeted with tremendous cheering.

FLYING ON SUNDAY NOT LAW VIOLATION

Philadelphia Police Magistrate Decides That It Does Not Violate Old Blue Law.

Philadelphia, Nov. 7.—A police magistrate, after pondering 10 days over the question, has decided that flying on Sunday does not violate the Pennsylvania blue laws of 1794.

"Birds fly on Sunday," he said, "and I therefore do not see how the law is violated by a birdman who runs an air taxiab on the Sabbath."

Lieutenant John C. Howard, the airman, was prosecuted two weeks ago on a charge of violating the blue laws by accepting money for carrying passengers on Sunday.

NEW HYDROPLANE OF BIG POSSIBILITIES

Can Carry Naval Torpedoes, in the Opinion of Two Experts from the U. S. Navy.

Halifax, N. S., Nov. 7.—The boat of the hydroplane type which is being developed by Alexander Graham Bell and F. W. Baldwin, is capable of carrying naval torpedoes, in the opinion of two experts for the United States navy who recently witnessed trial runs of the craft.

This experimental craft, the HD-4, which has developed a speed of 71 miles an hour, was loaded with 3,000 pounds of lead and carried this load with ease. A successful trial trip was then made in a choppy sea.

The experiments are being carried on at Mr. Bell's home near Baddeck, Cape Breton, and he has announced that detailed results soon will be made public.

GERMAN MARK WAY DOWN.

Touched an Unprecedented Low Record at Berne.

Berne, Wednesday, Nov. 5.—The mark touched an unprecedented low record to-day, 14 1/2 francs selling for 100 marks. Austrian crowns were stationary, 100 crowns selling at between five and six francs.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Times.—Adv.

COME IN for Satisfaction. It up to you to COME IN and see me and let me fix 'em up.

What's That? Old Method! Hand pressed. Yes, it's the best. Surely it has stood the test. Ladies' and gents' garments done in.

STYLES THAT MAKE YOU NEAT-APPEARING

Flush and Velvets renewed. Dyeing a Specialty. Care taken in dyeing Army Coats. A nice line of Merchant Tailoring on hand at reasonable prices. Satisfaction guaranteed.

TIRED AND WORN-OUT

Overworked Men and Women Find Benefit in Great Restorative.

Many sufferers from the effects of having done too much, as well as of anxiety and worry, who have little or any capacity for the duties and pleasures of life, find Pepton just the tonic they need.

This real iron tonic combines the great oxidizers and vitalizers of the blood, iron and manganese, with the best substances for steadying the nerves, perfecting the digestion, absorption and assimilation of food, and giving health and strength to the tired, worn-out, pale and nervous.

"Pepton has toned up my nerves and made me feel like a new person." Mrs. L. A. Chute, Bay City, Mich. Made by C. I. Hood Co., Lowell, Mass.—Adv.

Let Cuticura Help You Look Like This

Nothing better to care for your skin, hair and hands. The Soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to perfume.

Cuticura Soap, Ointment and Talcum 25c each. At all druggists or sent by mail on receipt of price. Address: "Cuticura, Boston."

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ear-ache, catarrh, cut this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages into the lungs, which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parment (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parment used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired result. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

SUFFRAGISTS BUSY.

Big Educational Movement on Foot for Vermont Women.

The women of Vermont, knowing that full citizenship will soon be theirs, are not waiting to get the vote before preparing for citizenship.

Many clubs in the state that have been devoting themselves for years to the study of equal suffrage and how best to work for it are now organizing to study the problems of government and how to teach women to take an intelligent part in it.

A movement is on foot to interest all women's organizations in the state to join with those that were formerly suffrage study clubs in an effort to help women citizens live up to their coming responsibilities.

The Vermont Equal Suffrage association soon becomes automatically a part of the League of Women Voters, founded last March to take the place of the National American Woman Suffrage association, which is a great non-partisan woman's organization, working with the vote instead of for it.

The state organization is planning to unite in this educational work with several other New England states in order to have access to the best teachers and speakers on this subject.

Many women formerly opposed to having the vote are joining hands with the suffragists and pledging their assistance now that they know equal suffrage is inevitable and realize that the interests of good government demand the co-operation of the most intelligent and thoughtful citizens among potential voters.

Nasty Colds

Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's.—Adv.

MANY TRAINS ARE CUT OFF

And There Are Other Effects of the Soft Coal Miners' Strike

PUBLIC UTILITIES BEING RESTRICTED

Foreign-Owned Vessels at American Ports Not Being Bunkered.

Chicago, Nov. 7.—Curtailed of passenger train service, discontinuance of bunkering of foreign-owned vessels at American ports, restrictions in some places of the use of public utilities and appeals for coal from various cities as the strike of approximately 425,000 bituminous coal miners to-day rounded out its first week gave the nation further indications of the distress in some places of the coal industry. A protracted suspension of mining operations. Other disarrangements of the country's routine were expected to-day, with little change in the general conditions surrounding the strike itself.

Government agencies still remained hopeful that developments to-morrow at Indianapolis, when the motion filed by attorneys for the United Mine Workers of America asking dissolution of the restraining order issued last week by Judge Anderson will be argued, might point the way to an early ending of the strike.

To the states already reported suffering from a coal shortage, Kansas, Nebraska, Alabama and Iowa, to-day was added Oklahoma. "Follow the first law of nature, which is self-preservation, and take any coal you can get," said the governor of Oklahoma.

While it officially was announced by the director general of railroads that no general curtailment of train service was contemplated, 66 trains had been annulled in the central west. Regional directors had orders to eliminate service where absolutely necessary in the public interest.

Operation of some of the coal mines in Oklahoma will be started as soon as everything is in readiness, it was announced. West Virginia operators reported 44 mines in union districts being worked and a slight increase in production also was reported by Colorado mine operators. New Mexico operators said but half the miners normally employed were on strike.

LOOT COAL TRUCKS IN VIENNA STREETS

Well-Dressed Men and Women Use Their Clothing as Receipts for the Coal.

Vienna, Wednesday, Nov. 5 (By the Associated Press).—Well-dressed men and women in Vienna were attracted to-day by trucks filled with coal. They demanded to know for whom the fuel was intended. When they learned it was for the use of a private citizen, they surrounded the carts and began unloading them, the women turning up their skirts and filling their baskets with coal, while the men crammed their overcoat pockets and dispatch cases. One large truck was emptied in this manner in a few minutes, the driver offering no objections. The police looked on.

How to Take Care of a Child's Teeth

Every up-to-date mother will get the little ones a child's size tooth brush and a good dental preparation and see that they use both daily. She will not permit chlorate of potash and carbolic acid tooth pastes or others likely to prove harmful.

Prof. L. B. Allen of Westfield, Mass., advises the use of Albodon Dental Cream in all homes where there are children. Albodon is calcium carbonate, saponified and mixed with the well-known oils of cloves, cinnamon and eucalyptus, making an ideal composition one-third cleansing, one-third polishing, one-third antiseptic. It is effective and safe. A tube containing 85 brushings can be bought anywhere at the popular price of 25c.

DIED AT GUILFORD.

Mrs. Jane Gale Descendant of First Governor of Massachusetts.

Brattleboro, Nov. 7.—Mrs. Jane E. (Graves) Gale, 75, died yesterday in her home in Guilford, where she was stricken with apoplexy in April, 1917. From that time she was unable to walk, but went about in a wheel chair until December, 1918, since which time she had been confined to her bed.

Mrs. Gale was born in Sunderland, Mass., Nov. 24, 1843, a daughter of Edward Austin and Julia (Butterfield) Graves. She lived with her parents in Vermont until the death of her father. In 1865, at the age of 11 years, she went to Guilford, where she lived in the family of Ephraim Gale until his death in April, 1892.

She was educated at Glenwood seminary in West Brattleboro, and was a teacher in district schools in Guilford for a time.

After the death of Ephraim Gale she went to Easthampton, Mass., where she was employed in a mill a few months. She then returned to Guilford and was married to John E. Gale, sr., in 1864. He died in 1869, at the age of 33 years, leaving her a widow with four children, three of whom survive. They are Celestia E., wife of O. R. Washburn, publisher of the American Citizen in Manchester, N. H.; Attorney John E. Gale of Guilford and Fred C. Gale of the Standard Auto Supply Co. of Winfield, N. Y. A son, Brainerd S., died in 1880.

There are two grandchildren, Richard Ephraim and John Carver, sons of Attorney John E. Gale.

The Gale farmhouse in which Mrs. Gale died, had been in the continuous occupancy of the Gale family more than 100 years, and it is believed to be the only place in that town which has continuously remained in the family of its original settler without change of family name.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

Use "Gets-It" and Dance, Even with Corns. The toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece, just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more costly plaster, strapping, "backpacks," bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remedy, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach scours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

It Is Worth While

To cover every contingency—your condition in old age as well as the condition of your family if you do not live to be old. Our plan saves and serves. National Life Insurance Co. of N. Y. (Mutual). S. S. Ballard, general agent, Rialto block, Montpelier, Vt.

CATARRH

Quickly Ended by a Pleasant, Healing Antiseptic Air—Just Breathe It.

The little hard-rubber Hyomei inhaler which you can get at the best drug store or any reliable druggist can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler you pour a few drops of the pure, healing oil of Hyomei. The antiseptic germicidal action of the oil cleanses the nasal cavity, and now you are ready to breathe it in over the germ-infected membrane of the nose, and you begin to feel the relief of banishing catarrhal germs and ending Catarrh. Hyomei is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, influenza, sore throat, colds, coughs and colds or money back. It often cleans out a stuffed-up head and opens closed sinuses in two minutes.

Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while a bottle, if already owned, may be obtained at any druggist for a few cents.—Adv.

Preparing for Influenza

This dread disease seems to be creeping in again and the doctors and nurses and health authorities are busy making preparations to handle it.

It is thought that if people would take the trouble to build themselves up and get in good, rugged physical condition they would have a much better chance of escaping this dreadful epidemic.

If you are weak and tired out and rundown and unable to take the necessary rest to bring yourself into first-class condition, probably you had better take Iron-Lax-Tonic which seems to be an especially effective combination for just such cases. There is the laxative which keeps the system free from all waste material and then there is the invaluable iron in a form easy to be taken up for the benefit of the blood and general strength. There are a good many preparations containing iron in one form or another but only one Iron-Lax-Tonic Pill. The package bears the name of the druggist who originated it, J. T. Lantano, and many grateful people acknowledge its benefits.

For example, Mrs. Hugh Connell, who lives at 148 Vernon street, Wakefield, Mass., stated: "I was troubled with gas on the stomach, indigestion and poor appetite. I could not sleep well, which made me more or less nervous. I had no strength, no color and now, after taking three bottles of Iron-Lax-Tonic, I feel entirely different. I feel myself gaining all the time. I am telling all my friends about Iron-Lax-Tonic and what it has done for me."

Now is the time to take Iron-Lax-Tonic and get yourself in first-class condition. If you get yourself strong and vigorous, you will have a much better chance of warding off dangerous diseases.

Buy Iron-Lax-Tonic from your druggist.—Adv.

SEEK BODIES OF FOUR VICTIMS

Who Lost Lives When a Schooner Was Blown Out of Water

NEW BEDFORD VESSEL LOST AT NEW YORK

Six Other Members of the Crew Were Hurt but Are Recovering

New York, Nov. 7.—Harbor police still were grappling in New York harbor to-day for the bodies of four men lost late yesterday when the fishing schooner Gleamer was wrecked by an explosion in her gasoline fuel tanks.

Six other members of the crew, including the captain, Louis Danett, of New Bedford, Mass., were reported recovering in a hospital from injuries suffered when they were blown from the vessel by the blast.

The Gleamer had just started from this port for New Bedford after discharging a cargo of fish, and was taking on fuel from a supply ship when the explosion occurred. Witnesses on the supply ship said the Gleamer was blown entirely from the water, and fell back about 30 feet away, a splintered mass of wreckage.

MINERS MOVE TO DISSOLVE INJUNCTION

Miners' Council Claims Government Hasn't Any Interest in the Matter Nor in the Relief Sought.

Indianapolis, Nov. 7.—A motion to dissolve the order restraining officials of the United States Mine Workers of America from encouraging or directing the strike of the 425,000 members of the union was filed in the United States district court here yesterday afternoon by attorneys for the miners. The restraining order was issued last Friday and the hearing on a temporary injunction, petitioned for by the government, will be next Saturday.

The motion first asked that the position of the restraining order does not disclose that the government, the plaintiff in the case, has any interest in the matter nor in the relief sought nor any injunctive relief. It is set forth that the plaintiff is "without equity and without clean hands." It is alleged that the government knows all along of the efforts at collective bargaining and it is set forth that Secretary of Labor Wilson, representing the government, called representatives of the miners and operators to Washington in an effort to reopen negotiations for a new wage agreement.

A HUMAN TORCH.

Springfield Man Was Saved by Diving in Pile of Sand.

Springfield, Nov. 7.—Louis A. LaPiet was burned severely about his hands and arms Thursday afternoon when a pump, with which he was pumping oil into a kerosene torch at the foundry of the Vermont Smith Co. went through the bottom of the oil torch and threw the burning kerosene over him. Mr. LaPiet was quickly alighted and the flames shot about four feet above his head. His first thought was to reach for his coat and smother the flames, but a fellow workman saw him and began to shout "sand." This caused him to turn and dive head first into a sand pile nearby which the others seized upon and buried him in the pile, and the flames were extinguished.

Diving head first as he did, saved his face from being burned, but his body was burned from his neck to his hips, also both arms and both hands. His right hand was so badly cooked that the skin came off. He was hurried to the hospital, where paraffin dressing was applied. He was then taken home, where he suffered intensely during the night, but yesterday he was comparatively comfortable.

MARRIED SOLDIER'S WIDOW.

Lieut. Merrill S. Haskell of Brattleboro Returns from France.

Brattleboro, Nov. 7.—Lieut. Merrill S. Haskell, accompanied by his French bride and her son, Robert, arrived in New York Tuesday night and came to his home in town Wednesday, with his parents, Mr. and Mrs. W. E. Haskell. Mr. Haskell met them in New York and Mrs. Haskell was awaiting their arrival in Chocoma Falls, where they remained over night. Lieut. Haskell married on July 2, 1918, Madame Jeanne Costil, whose husband was killed in the war. Her son is five years old.

Lieut. Haskell was overseas two and one-half years. First he was with the American field service, in the French army, where he remained four months. He then entered the Red Cross service, which was part of the A. E. F., where he received his commission. He was connected with the motor transport service and later director of supplies. After a needed vacation he will have a position with the Eddy Bottling Co., of which his father is proprietor.

WOULD GUARANTEE RETURNS.

Of Railroads for Six Months After Return to Private Ownership.

Washington, Nov. 7.—Government guarantee of the standard returns to the railroads for six months after the railroads are returned to private control was agreed upon to-day by the House interstate commerce commission.

Piles Cured in 6 to 14 Days.

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Stops Irritation, Soothes and Heals. You can get restful sleep after the first application. Price 60c.—Adv.

To Fortify the System Against Grip Take LAXATIVE BROMO QUININE Tablets which destroy germs, act as a Tonic and Laxative, and thus prevent Colds, Grip and Influenza. There is only one "BROMO QUININE." E. W. GROVE'S signature on the box. 30c.—adv.

Beating the Market for You

If we were to go out to-day and try to duplicate the fall clothes we've bought for you, we'd have to pay a big advance; at least \$5 or \$10 more a garment.

That's what has happened.

But we bought early and we're going to see that you get the benefit of our early buying. We're basing our prices on what we paid months ago—not on the present market prices.

Hart Schaffner & Marx

made the clothes; nobody can make better ones. They're all-wool, carefully made; stylish, guaranteed to satisfy you.

You'd be getting a good big money's worth if we did ask present market prices.

But we're not.

And that makes it \$5 or \$10 better for you.

GOV. COOLIDGE ON VACATION.

Seeks Rest After Illness and Strain of Campaign.

Boston, Nov. 7.—Governor Coolidge left here yesterday for a few days' vacation prior to the opening of the special session of the legislature. His destination was not announced, as he desired absolute freedom from business cares. He still feels the effects of his recent illness, and says he finds his strength is returning more slowly than he had hoped.
